

TECHNICAL & PRODUCT INFORMATION

EMULSION PAINTS

EXTRA COVER (TRADE MATT)

Ideally suited for all internal blockwork, brickwork and plaster surfaces, walls and ceilings, providing good opacity and excellent coverage. Can be roller, brush or spray applied.

Low odour

Touch dry 1—2 hours dependent on temperature and humidity

Recoatable 1—2 hours

Available 5L, 10L and 20L sizes

Sealing new surfaces with conventional spray application :

Add approximately 1 part water to 5 parts paint.

Coverage Approximately 13—16 sq m per litre

VINYL MATT ULTRA

As per EXTRA COVER but with added durability, washability and opacity. **Ultra** is quick drying and ideal for use on all interior surfaces such as walls and ceilings.

Low odour

Touch dry 2—4 hours dependent on temperature and humidity

Recoatable 2—4 hours

Available 5L, 10L and 20L sizes

Sealing new surfaces with conventional spray application:

Add approximately 1 part water to 5 parts paint.

Coverage Approximately 13—16 sq m per litre

VINYL SILK

An extremely tough and hard wearing silk finish. Suitable for decoration of public areas. A perfect partner for enhancing embossed wall coverings.

Low odour

Touch dry 2—4 hours dependent on temperature and humidity

Recoatable 2—4 hours

Available 5L, 10L and 20L sizes

Sealing new surfaces with conventional spray application:

Add approximately 1 part water to 5 parts paint.

Coverage Approximately 13—16 sq m per litre

ACRYLIC EGGSHELL

A hardwearing and easy clean eggshell finish for use on ceilings and internal walls. Acrylic eggshell can also be applied to interior woodwork

Low odour
